September - October 2018

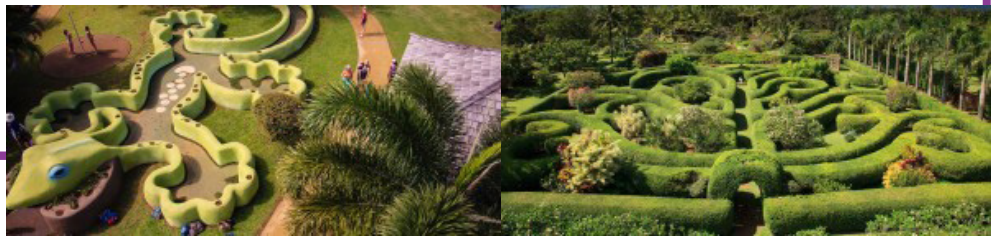

## President's Message

The 2018 Farm Fair was another success for the club. The display area as designed by Display Chair Nancy Nakama was well received by all. It showcased the many orchids of our members and allowed fair attendees to easily move within the display without endangering the orchids. I think many of us were challenged this year with orchids blooming at different times than previous years, however we all pulled together and presented a colorful and spectacular display. All of our volunteers worked very hard putting the display together and working as security or in the plant sales area.

It has been very busy days since the fair with hurricane Lane threatening and us getting ready to go off island for a month. With Lane coming closer, we did not want to wait until the last minute so we moved all of our orchids out of the shade house, plus all those scattered around the yard, into secured areas. We figured better safe than sorry. It gave me a clear idea of how many orchids and other miscellaneous potted plants we have. I love all of the cement pots we have as they keep the plants from blowing over in windy Kalaheo, but moving all of them in one day.....wow. There were a lot of them that were empty or just had dirt and rocks in them. Those are staying where we stashed them until we need them once more for a plant! We are very thankful that Lane decided to move away from Kauai!

I hope to see all of you at our next meeting on October 12th. Having just moved our orchids, I was able to decide which ones we'll be bringing for re-potting at the meeting.

See you in October!  
Elizabeth
